#### **Purpose of Meeting**

To discuss the briefing paper prepared by PW after feedback from EDDC.

The briefing paper was discussed at length by the steering group concentrating specifically on Farr 5 and Farr 6 of the neighbourhood plan. It was clear that there was some discrepancy between what had been understood by the results of the housing needs survey carried out and what the policy will allow taking the Local Plan into consideration.

It was decided this needs further review to finalize the wording of these documents.

A meeting has been arranged for 11.30 am on 28 January 2020 at the Council Offices in Honiton between Claire Rodway, Mike Howe (if available) , Paul Weston and members of the steering group (LF, AS and HJW).
